PROFILE

Web Developer with a background in education, healthcare systems and medical software and electronic health records (EHR) systems. Efficiency and streamlined organization are the cornerstones of my personal and professional philosophy. With a strong foundation in coding and responsive web principles, I am ready to tackle challenges and contribute to creating effective and engaging online platforms.

EDUCATION

Full-Stack Web Development Program | CareerFoundry
2023 - 2024

- Completed an intensive, project-based course covering front-end and back-end web development, including HTML, CSS, JavaScript, React, Node.js, and MongoDB.
- Developed a comprehensive portfolio of projects demonstrating proficiency in building responsive websites and full-stack applications, from concept to deployment.

School Of Medicine and Surgery | University of Turin
2009 - Expected Conclusion Date Deferred

- Completed 6 years of comprehensive medical training, achieving proficiency in foundational sciences, patient care, and clinical skills across various medical specialties.

WORK EXPERIENCE

Virtual Assistant   2022 - PRESENT
Koelliker Hospital, Turin

- Accurately transcribe and assign radiological reports to patient files quickly, while ensuring data integrity in a high-paced private clinic setting.
- Utilized my medical student background to efficiently interpret and transcribe reports.
- Streamline the transcription process using reporting software, and implement a verification system for patient data accuracy.
- Achieved a significant decrease in transcription errors and improved report turnaround time, enhancing patient care and department efficiency.

Private Tutor   2016 - 2022
Self-Employed, Turin

- Specialized in providing one-on-one tutoring sessions in Mathematics, Science, English, Creative Writing to students aged 10-18, adapting teaching strategies to meet individual learning styles and needs.
- Developed and implemented comprehensive lesson plans that accommodate the curriculum, focusing on improving understanding, increasing scores, and enhancing study habits.
- Mentored students in time management, effective study techniques, and test-taking strategies.

Photographer Assistant   2020 - 2022
Davide Dutto, Photographer, Fossano

- Assist in setting up and breaking down photography equipment, ensuring optimal lighting and setup for various shoots.
- Coordinate with clients to schedule shoots, understand their vision, and provide excellent customer service.
- Handle administrative tasks, including email correspondence, invoice preparation, and equipment inventory management, ensuring smooth operations behind the scenes.
